

Corporate Wellness

Help your employees become active, healthy and more productive today!

GOOD HEALTH GOOD BUSINESS

At the Spencer Family YMCA, we are committed to helping people grow in spirit, mind and body. We are more than a "swim and gym". We are a cause within a facility providing members with a supportive and motivational environment to take control of their health and well-being. The Y offers a wide variety of programs, services and volunteer opportunities to help members stay healthy and connected.

A YMCA Corporate Membership is available to employees and their family. Through the Corporate Membership Program, employees and immediate family receive a 10% discount and those that are 18+ receive free 24 hour access.

HOW IT WORKS:

- The employee and the immediate family can receive the discount, for example an employees child.
- Corporate discounts are for membership only and do not include youth programs, personal training, special events, etc.
- Discounts - One discount per membership is permitted. For example a corporate discount can not receive a discount from any other promotion.
